

1. MAIN CHARACTERISTICS

GRAISSE SILICONE is a mixture of solvents and silicones, designed to guarantee lubrication of all parts or moving systems. It is a non-staining lubricant, rich in anti-corrosion additives and non-stick. GRAISSE SILICONE is hydrophobic thanks to the silicone oil it contains. It does not dry out and is resistant to temperatures between -40°C and +300°C.

GRAISSE SILICONE can be used on all surfaces and materials (elastomer, rubbers, plastics).

2. SCOPE OF APPLICATION

GRAISSE SILICONE can be applied in the following fields:

- Electronics, electricity (cables, electrical connections, external aerals),
- Plumbing (tap heads),
- Cables, gears, locks, hinges,
- Runners, bearings, jacks, threads...

3. DIRECTIONS FOR USE

Shake well before use. Slot the tube into the spray. Spray in short repeated bursts on the parts to be treated or protected. Rub in the product by manoeuvring the parts.

Repeat if necessary.

4. PHYSICO-CHEMICAL CHARACTERISTICS

Active product:

- Appearance: transparent liquid
- Density at 20°C: 0.784 g/cm³
- Temperature stability: -40°C to +300°C
- Dielectric constant: 2.76 to 25°C and 100 Hz

5. SAFETY INSTRUCTIONS

Refer to the safety data sheet. Extremely flammable. Toxic to aquatic organisms; can lead to harmful long-term effects on the aquatic environment. Inhaling the fumes may cause drowsiness and dizziness. Pressurised container. Protect against direct sunlight and do not expose to temperatures exceeding 50°C. Do not pierce or burn, even after use. Keep out of the reach of children. Do not spray on a flame or any incandescent material. Keep away from flames and all spark sources – Do not smoke. Do not inhale aerosols. If there is insufficient ventilation, wear suitable respiratory equipment. If ingested, seek medical advice immediately and show the packaging or label. Use this aerosol only for its intended applications. Thoroughly ventilate the premises after use.

6. PACKAGING AND STORAGE

650-ml aerosol (12 aerosols/box). Reference 005051.

210-ml aerosol (12 aerosols/box). Reference 005052.

Protect against direct sunlight and do not expose to temperatures exceeding 50°C.

Store away from sources of humidity in a protected and well-ventilated area.
